Important Notice: This Borrower’s Rights and Responsibilities Statement provides additional information about the terms and conditions of the loans you receive under the accompanying Federal Direct PLUS Loan (Direct PLUS Loan) Master Promissory Note (MPN). Please keep this Borrower’s Rights and Responsibilities Statement for your records. You may request another copy of this Borrower’s Rights and Responsibilities Statement at any time by contacting your servicer.

Throughout this Borrower’s Rights and Responsibilities Statement, the words “we,” “us,” and “our” refer to the U.S. Department of Education. The word “loan” refers to one or more loans made under the Direct PLUS Loan MPN.

Note to Endorser: An endorser is someone who agrees to repay a Direct PLUS Loan if the borrower does not repay the loan. If you are the endorser of a Direct PLUS Loan, you are not entitled to all of the same benefits as a Direct PLUS Loan borrower, and not all of the terms and conditions of a Direct PLUS Loan apply to you. However, you should read the entire Borrower’s Rights and Responsibilities Statement. We have highlighted important information that applies to you as an endorser.

1. The William D. Ford Federal Direct Loan Program. The William D. Ford Federal Direct Loan (Direct Loan) Program includes the following types of loans, known collectively as “Direct Loans”:
   - Federal Direct Stafford/Ford Loans (Direct Subsidized Loans)
   - Federal Direct Unsubsidized Stafford/Ford Loans (Direct Unsubsidized Loans)
   - Federal Direct PLUS Loans (Direct PLUS Loans)
   - Federal Direct Consolidation Loans (Direct Consolidation Loans)

The Direct Loan Program is authorized by Title IV, Part D, of the Higher Education Act of 1965, as amended, 20 U.S.C. 1070 et seq (HEA).

Direct Loans are made by the U.S. Department of Education. We contract with servicers to service, answer questions about, and process payments on Direct Loans. We will provide you with the address and telephone number of your servicer after the school notifies us that the first disbursement of your loan has been made.

2. Laws that apply to this MPN. The terms and conditions of loans made under this MPN are determined by the HEA and other applicable federal laws and regulations. These laws and regulations are referred to as “the Act” throughout this Borrower’s Rights and Responsibilities Statement. Under applicable state law, excepted as preempted by federal law, you may have certain borrower rights, remedies, and defenses in addition to those stated in the MPN and this Borrower’s Rights and Responsibilities Statement.

NOTE: Any amendment to the Act that affects the terms of this MPN will be applied to your loans in accordance with the effective date of the amendment.

3. Direct PLUS Loans. Direct PLUS Loans are loans made to graduate or professional students or to parents of dependent undergraduate students to help pay for the cost of education beyond high school. (“Dependent” is defined in the Act and is different from the definition used by the Internal Revenue Service.) To be eligible for a Direct PLUS Loan:
   - You must be a graduate or professional student or the biological or adoptive parent of the dependent undergraduate student for whom you are borrowing. If you are the spouse of the dependent undergraduate student’s parent (that is, if you are the student’s stepparent), you may borrow a Direct PLUS Loan if you are considered to be a parent in accordance with the instructions on the Free Application for Federal Student Aid (FAFSA) for purposes of reporting your income and assets on the FAFSA.
   - You, and if you are a parent borrower your child, must be a U.S. citizen or national, a permanent resident of the United States, or an otherwise eligible non-citizen.
   - You, and if you are a parent borrower your child, must not be in default on a federal education loan or owe an overpayment on a federal education grant, and must not have been convicted of, or have pled nolo contendere (no contest) or guilty to, a crime involving fraud in obtaining funds under the Act.
   - You must not have an adverse credit history (unless you meet certain other requirements – see below).
   - You, or if you are a parent borrower your child, must be enrolled at least half-time at a school that participates in the Direct PLUS Loan Program.

We will check your credit history each time you request a Direct PLUS Loan. If you have an adverse credit history, you may not borrow a Direct PLUS Loan unless you:

   1. Document to our satisfaction that there are extenuating circumstances related to the adverse credit history, or
   2. Obtain an endorser who does not have an adverse credit history.

An endorser is someone who agrees to repay the Direct PLUS Loan if you do not do so. If you are a parent borrower, the endorser of a Direct PLUS Loan may not be the student for whom you are borrowing the loan.

If you are a graduate or professional student, you must complete a Free Application for Federal Student Aid (FAFSA) and your school must determine your eligibility for the maximum annual Direct Subsidized Loan and Direct Unsubsidized Loan amounts before you apply for a Direct PLUS Loan.

If you have questions about your eligibility for a Direct PLUS Loan, contact the financial aid office at the school you attend or are planning to attend or, if you are a parent borrower, the school the student attends or is planning to attend.

4. About the MPN. You may receive more than one loan under this MPN over a period of up to 10 years to pay for your educational costs (if you are a graduate or professional student) or for the educational costs of the student identified in Section C of the MPN (if you are a parent borrower), as long as the school is authorized to use the multi-year feature of the MPN and chooses to do so.

If the school is not authorized to use the multi-year feature of the MPN or chooses not to do so, or if you do not want to receive more than one loan under this MPN, you must sign a new MPN for each loan that you receive. If you do not want to receive more than one loan under this MPN, you must notify the school or your servicer in writing.

If you are a parent requesting more than one Direct PLUS Loan to pay for the educational costs of more than one dependent undergraduate student, you must sign separate MPNs for each student. You must also sign separate MPNs if you are a parent borrowing on behalf of a dependent undergraduate student and you also wish to obtain a Direct PLUS Loan to pay for your own attendance in a graduate or professional degree program.

If we determine that you have an adverse credit history and you obtain an endorser (see item 3, “Direct PLUS Loans”), you may receive only one loan under this MPN. If you later want to receive another Direct PLUS Loan, you must sign a new MPN. If you receive a loan under this MPN without an endorser, but are later determined to have an adverse credit history and obtain an endorser for a future Direct PLUS Loan, you will have to sign a new MPN for that loan.

5. Direct PLUS Loans and eligibility for other financial aid. If you borrow a Direct PLUS Loan, this may affect your eligibility for other financial aid. Therefore, we suggest that you contact the school’s financial aid office to determine eligibility for grants, work-study funds, or other forms of federal, state and private student aid that do not have to be repaid before you apply for a Direct PLUS Loan.

6. Use of your loan money. You may use the loan money you receive only to pay for your authorized educational expenses or, if you are a parent borrower, for the student’s authorized educational expenses for attendance at the school that determined you were eligible to receive the loan. Authorized expenses include the following:
   - Tuition
   - Room
   - Board
   - Institutional fees
   - Books
   - Supplies
   - Equipment
   - Dependent child care expenses
   - Transportation
   - Commuting expenses
   - Rental or purchase of a personal computer
   - Loan fees
   - Other documented, authorized costs

7. Information you must report to us after you receive your loan. You must notify your servicer and/or the financial aid office at the school about certain changes.

Until you or (if you are a parent borrower) the student graduate or otherwise leave school, you must notify the school’s financial aid office if:

   - You change your address or telephone number;
   - You change your name (for example, maiden name to married name);
   - You or (if you are a parent borrower) the student -- Do not enroll at least half-time for the loan period certified by the school, or
   - Do not enroll at the school that determined you were eligible to receive the loan;
   - You or (if you are a parent borrower) the student stop attending school or drop below half-time enrollment;
   - You or (if you are a parent borrower) the student transfer from one school to another school; or
   - You or (if you are a parent borrower) the student graduate.

You must also notify your servicer if any of the above events occur at any time after you receive your loan. In addition, you must notify your servicer if you:

   - Change your employer, or your employer’s address or telephone number changes;
   - Have any other change in status that would affect your loan (for example, if you receive a deferment while you are unemployed, but you find a job and therefore no longer meet the eligibility requirements for the deferment).

Note to Endorser: You must notify your servicer if you change your address, telephone number, name, or employer, or if your employer’s address or telephone number changes.

8. Amount you may borrow. For each academic year, you may borrow up to — but not more than — the amount of your estimated cost of attendance (if you are a graduate or professional student borrower) or the student’s estimated cost of attendance (if you are a parent borrower), minus the amount of any other financial aid received for that academic year. The school determines the cost of attendance using...
William D. Ford Federal Direct Loan Program

Direct PLUS Loan Borrower’s Rights and Responsibilities Statement

Federal guidelines. It is important not to borrow more than you can afford to repay, even if you are eligible to borrow more.

9. Interest rate. The interest rate on a Direct PLUS Loan is a fixed rate that is calculated in accordance with a formula specified in the Act. The interest rate is calculated each year. When the rate is calculated, it applies to all Direct PLUS Loans for which the first disbursement is made during the period beginning on July 1 of one year and ending on June 30 of the following year. Different interest rates apply to separate loans made under this MPN depending on when the loan is first disbursed. The maximum interest rate for Direct PLUS Loans is 10.5%. We will notify you of the interest rate for each loan you receive in a disclosure statement that we send to you.

If you qualify under the Servicemembers Civil Relief Act, the interest rate on your loans obtained prior to military service may be limited to 6% during your military service. Contact your servicer for information about how to request this benefit.

Interest capitalization

If you do not pay the interest as it accrues on a Direct PLUS Loan, as described above, we will add the accrued interest to the unpaid principal balance of your loan. This is called “capitalization.” Capitalization increases the unpaid principal balance of your loan, and interest then accrues on the increased principal balance. We capitalize unpaid interest when you resume repayment after periods of deferment or forbearance. We may also capitalize unpaid interest that has accrued since the first disbursement of your loan when you enter repayment for the first time.

The chart that follows shows the difference in the total amount you would repay on a $15,000 Direct PLUS Loan if you pay the interest as it is charged during a 12-month deferment or forbearance period, compared to the amount you would repay if you do not pay the interest and it is capitalized.

<table>
<thead>
<tr>
<th>Loan Amount</th>
<th>$15,000</th>
</tr>
</thead>
<tbody>
<tr>
<td>Interest for 12 Months</td>
<td>$1,575</td>
</tr>
<tr>
<td>(paid as accrued)</td>
<td>(unpaid and capitalized)</td>
</tr>
<tr>
<td>Principal to be Repaid</td>
<td>$15,000</td>
</tr>
<tr>
<td>Monthly Payment</td>
<td>$202</td>
</tr>
<tr>
<td>Number of Payments</td>
<td>120</td>
</tr>
<tr>
<td>Total Repaid</td>
<td>$25,863</td>
</tr>
</tbody>
</table>

The example in the chart above shows payments made under the Standard Repayment Plan at an interest rate of 10.5%, the maximum interest rate for a Direct PLUS Loan. In this example, you would pay $22 less per month and $975 less altogether if you pay the interest as it is charged during a 12-month deferment or forbearance period.

You may be able to claim a federal income tax deduction for interest payments you make on Direct Loans. For further information, refer to IRS Publication 970, which is available at http://www.irs.gov.

11. Loan fee. For each Direct PLUS Loan you receive under this MPN, we charge a loan fee that is a percentage of the principal amount of each loan. This fee will be subtracted proportionately from each disbursement of your loan. The loan fee will be shown on a disclosure statement that we send to you.

12. Repayment incentive programs. A repayment incentive is a benefit that we offer to encourage you to repay your loan on time. The repayment incentive program described below may be available to you.

Under the automatic withdrawal option, your bank automatically deducts your monthly loan payment from your checking or savings account and sends it to us. Automatic withdrawal helps to ensure that your payments are made on time. In addition, you receive a 0.25% interest rate reduction while you repay using the automatic withdrawal option. Your servicer will provide you with information about the automatic withdrawal option. You can also get the information on your servicer’s website, or by calling your servicer.

Your servicer’s web site address and toll-free telephone number are provided on all correspondence that your servicer sends you.

13. Disbursement (how your loan money will be paid out). Generally, the school will disburse (pay out) your loan money in more than one installment, usually at the beginning of each academic term (for example, at the beginning of each semester or quarter). If the school does not use academic terms or does not have academic terms that meet certain requirements, it will generally disburse your loan in at least two installments, one at the beginning of the period of study for which you are receiving the loan, and one at the midpoint of that period of study. The school determines the schedule for disbursing your loan money in accordance with the Act.

The school may disburse some or all of your loan money to your account at the school (if you are a graduate or professional student borrower) or to the student’s account at the school (if you are a parent borrower), or may give it to you directly by check or other means. Your servicer will notify you in writing each time the school disburses part of your loan money.

If you are a graduate or professional student and have not previously received a Direct PLUS Loan or a Federal PLUS Loan under the Federal Family Education Loan (FFEL) Program, you must receive entrance counseling before your school can make the first disbursement of your loan. Your school will tell you if entrance counseling is required, and will provide instructions for completing entrance counseling. If the school credits your loan money to your or the student’s account and the amount credited is more than the amount of the tuition and fees, room and board, and other authorized charges, the excess amount is called a credit balance.

Unless you authorize the school to hold the credit balance for you, the school must pay you the credit balance within the following timeframes:

- If the credit balance occurs on after the first day of a payment period (the school can tell you this date), the school must pay you the credit balance no later than 14 days after the date the balance occurs.
- If the credit balance occurs on or before the first day of a period of payment, the school must pay you the credit balance no later than 14 days after the first day of class of the payment period.

If you are a parent borrower, you may authorize the school to pay the credit balance to the student.

14. Canceling your loan. Before your loan money is disbursed, you may cancel all or part of your loan at any time by notifying the school. After your loan money is disbursed, there are two ways to cancel all or part of your loan:

- You may notify the school (within certain timeframes). If the school obtains your written confirmation of the types and amounts of loans you want to receive before crediting loan money to your or the student’s account at the school, the school will return the cancelled loan amount to us. If you ask the school to cancel all or part of your loan outside the timeframes described above, the school may process your cancellation request, but it is not required to do so.
- You may return all or part of your loan to us. Within 120 days of the date the school disburses your loan money (by crediting the loan money to your or the student’s account at the school, by paying it directly to you, or both), you may cancel all or part of your loan by returning all or part of the loan money to us. Contact your servicer for guidance on how and where to return your loan money.

You do not have to pay interest on the loan fee on the part of your loan that is cancelled or returned within the timeframes described above. We will adjust your loan amount to eliminate any interest and loan fee that applies to the amount of the loan that is cancelled or returned.

15. Repaying your loan. The repayment period for each Direct PLUS Loan made under this MPN begins on the date of the final disbursement for that loan. This means that the repayment period for each loan you receive under this MPN will begin on a different date. Unless you receive a bill or repayment notice (see item 21), your first payment on each loan will be due within 60 days of the final disbursement of that loan. Your servicer will notify you of the date your first payment is due.

You must make payments on your loan even if you do not receive a bill or repayment notice. You must repay all of your Direct Loans under the same repayment plan, unless you want to repay your loans under the ICR Plan, the Pay As You Earn Plan, or the Pay As You Earn Plan (see below) and you have other Direct Loans that do not qualify for repayment under those plans. In that case, you may select the IBR, Pay As You Earn, or ICR Plan for those eligible for repayment under those plans, and may select a different repayment plan for the loans that may not be repaid under the ICR Plan, Pay As You Earn, or ICR Plan.

Page 2 of 7
The following repayment plans are available to all Direct PLUS Loan borrowers:

**Standard Repayment Plan**
Under this plan, you will make fixed monthly payments and repay your loan in full within 10 years (not including periods of deferment or forbearance) from the date the loan entered repayment. Your payments may be as low as $50 a month ($600 a year) and will be more, if necessary, to pay off the loan within the required time period.

**Graduated Repayment Plan**
Under this plan, you will usually make lower payments at first, and your payments will gradually increase over time. You will repay your loan in full within 10 years (not including periods of deferment or forbearance) from the date the loan entered repayment. Your monthly payment must at least be equal to the amount of interest that accrues each month. No single payment will be more than three times greater than any other payment.

**Extended Repayment Plan**
You are eligible for this plan only if (1) you have an outstanding balance on Direct Loan Program loans that exceeds $30,000 and (2) you had an outstanding balance on a Direct Loan Program loan as of October 7, 1998 or on the date you obtained a Direct Loan Program loan after October 7, 1998.

Under this plan, you will repay your loan in full over a period not to exceed 25 years (not including periods of deferment or forbearance) from the date the loan entered repayment. You may choose to make fixed monthly payments or graduated monthly payments that start out lower and gradually increase over time. Your payments must be at least $50 a month ($600 a year) and will be more, if necessary, to repay the loan within the required time period. If you make graduated payments, your monthly payment must at least be equal to the amount of interest that accrues each month. No single payment under the graduated option will be more than three times greater than any other payment.

**Additional repayment plans only for graduate and professional student Direct PLUS Loan borrowers**

**NOTE:** Parent Direct PLUS Loan borrowers may not repay their Direct PLUS Loans under these plans.

If you are a graduate or professional student Direct PLUS Loan borrower, the following additional repayment plans are available:

**Income-Based Repayment Plan (IBR Plan)**
Under the IBR Plan, your monthly payment amount is generally 10% of your discretionary income, divided by 12. Discretionary income for this plan is the difference between your adjusted gross income and 150% of the poverty guideline amount for your state of residence and family size. If you are married and file a joint federal income tax return, the income used to determine your IBR Plan payment amount will be the combined adjusted gross income of you and your spouse.

The Pay As You Earn Repayment Plan is available only to new borrowers. You are a new borrower for the Pay As You Earn Plan if you:

1. Have no outstanding balance on a Direct Loan Program or FFEL Program loan as of October 1, 2007, and you do not have an outstanding balance on a Direct Loan Program loan as of October 7, 1998, or you have no outstanding balance on a Direct Loan Program or FFEL Program loan on the date you obtain a Direct Loan Program loan after July 1, 2014. Your servicer will determine whether you are a new borrower based on the information about your loans in the U.S. Department of Education’s National Student Loan Data System.

**Pay As You Earn Repayment Plan (Pay As You Earn Plan)**
Under the Pay As You Earn Plan, your monthly payment amount is generally 10% of your discretionary income, divided by 12. Discretionary income for this plan is the difference between your adjusted gross income and 150% of the poverty guideline amount for your state of residence and family size. If you are married and file a joint federal income tax return, the income used to determine your Pay As You Earn Plan payment amount will be the combined adjusted gross income of you and your spouse.

The Pay As You Earn Plan is available only to new borrowers. You are a new borrower for the Pay As You Earn Plan if:

1. You had no outstanding balance on a Direct Loan Program or FFEL Program loan as of October 1, 2007, or you have no outstanding balance on a Direct Loan Program or FFEL Program loan when you obtain a new loan on or after October 1, 2007, and
2. You receive a disbursement of a Direct Subsidized Loan, Direct Unsubsidized Loan, or Direct PLUS Loan (a Direct PLUS Loan made to a graduate or professional student) on or after October 1, 2011. However, you are not considered to be a new borrower for the Pay As You Earn Plan if the Direct Consolidation Loan you receive repays loans that would make you ineligible under part (1) of this definition.

In addition to being a new borrower, to initially qualify for the Pay As You Earn Plan and to continue to make payments that are based on your income, the amount you would be required to pay on your eligible student loans under the IBR Plan (as described above) must be less than the amount you would have to pay under the Standard Repayment Plan. If your IBR Plan payment amount is less than the amount you would have to pay under the Standard Repayment Plan, you are considered to have a “partial financial hardship.”

If you are married and file a joint federal income tax return, the loan amount we use to determine whether you have a partial financial hardship will include your eligible loans and your spouse’s eligible loans.

While you are repaying under the IBR Plan, you must annually provide documentation of your income and certify your family size so that we may determine whether you continue to have a partial financial hardship. Your monthly payment amount may be adjusted annually based on the updated income and family size information that you provide. If we determine that you no longer have a partial financial hardship, you may remain on the IBR Plan, but your monthly payment will no longer be based on your income. Instead, your monthly payment will be what you would be required to pay under the Standard Repayment Plan, based on the amount you owe on your eligible loans at the time you entered the IBR Plan.

Under the IBR Plan, if your loan is not repaid in full after you have made the equivalent of 25 years (20 years if you are a new borrower) of qualifying monthly payments and at least 20 years have elapsed, any remaining loan amount will be forgiven. You may have to pay federal income tax on the loan amount that is forgiven.

**Pay As You Earn Repayment Plan (Pay As You Earn Plan)**
Under the Pay As You Earn Plan, your monthly payment amount will be what you would be required to pay under the Standard Repayment Plan, based on the amount you owe on your eligible loans at the time you entered the Pay As You Earn Plan.

Under the Pay As You Earn Plan, if your loan is not repaid in full after you have made the equivalent of 20 years of qualifying monthly payments and at least 20 years have elapsed, any remaining loan amount will be forgiven. You may have to pay federal income tax on the loan amount that is forgiven.

**Income Contingent Repayment Plan (ICR Plan)**
Under this plan, your monthly payment will be either 20% of your discretionary income or a percentage of what you would repay under a Standard Repayment Plan with a 12-year repayment period, whichever is less. Discretionary income for this plan is the difference between your adjusted gross income and the poverty guideline amount for your state of residence and family size. If you are married and file a joint federal income tax return, the income used to determine your ICR Plan payment amount will be the combined adjusted gross income of you and your spouse. You must annually provide documentation of your income and certify your family size. Your monthly payment amount may be adjusted annually based on the updated income and family size information that you provide.

Under the ICR Plan, if your loan is not repaid in full after you have made the equivalent of 25 years of qualifying monthly payments and at least 25 years have elapsed, any remaining loan amount will be forgiven. You may have to pay federal income tax on the loan amount that is forgiven.

**Additional repayment plan information**
If you are a graduate or professional student, these repayment plans will be explained in more detail during your exit counseling session.

Under each plan, the number or amount of payments may need to be adjusted to reflect capitalized interest and/or new loans made to you.

If you can show to our satisfaction that the terms and conditions of the above repayment plans are not adequate to meet your exceptional circumstances, we may provide you with an alternative repayment plan. If you do not choose a repayment plan, we will place you on the Standard Repayment Plan or the Pay As You Earn Plan.

The “Repaying Your Loans” charts at the end of this Borrower’s Rights and Responsibilities Statement allow you to estimate the monthly and total amounts you would repay under the repayment plans listed above based on various initial loan amounts. You can also use the Repayment Estimator at StudentAid.gov/Repayment-Estimator to estimate your monthly and total payment amounts under the different repayment plans and to evaluate your eligibility for the ICR Plan and the Pay As You Earn Plans. The calculators are for informational purposes only. Your servicer will make the official determination of your payment amount and, for the ICR Plan and the Pay As You Earn Plans, your eligibility for the plan.
William D. Ford Federal Direct Loan Program
Direct PLUS Loan Borrower’s Rights and Responsibilities Statement

You may change repayment plans at any time after you have begun repaying your loan. However, you may not change to a different repayment plan that has a maximum repayment period of less than the number of years your loan has been in repayment, except that you may change to the IBR Plan, the Pay As You Earn Plan, or the ICR Plan at any time. There is no penalty if you make loan payments before they are due, or pay more than the amount due each month (prepayments).

Note to Endorser: If you are making payments on the borrower’s Direct PLUS Loan, you may request a change of repayment plans by contacting your servicer.

We apply your payments made under any repayment plan other than the IBR Plan and the Pay As You Earn Plan in the following order: (1) late charges and collection costs, (2) outstanding interest, and (3) outstanding principal.

We apply your payments made under the IBR Plan or the Pay As You Earn Plan in the following order: (1) outstanding interest, (2) late charges and collection costs, and (3) outstanding principal.

We apply any prepayments in accordance with the Act. Your servicer can provide more information about how prepayments are applied.

When you have repaid a loan in full, your servicer will send you a notice telling you that you have paid off your loan. You should keep this notice in a safe place.

16. Transfer of loan. We may transfer one or all of your loans to another servicer without your consent. If there is a change in the address to which you must send payments, or direct communications, we will notify you of the new servicer’s name, address and telephone number, the effective date of the transfer, and the date when you must begin sending payments or directing communications to that servicer.

Transfer of a loan to a different servicer does not affect your rights and responsibilities under that loan.

17. Late charges and collection costs. If you do not make any part of a payment within 30 days after it is due, we may require you to pay a late charge. This charge will not be more than six cents for each dollar

- You will lose eligibility for other federal student aid and assistance under most federal benefit programs.
- You will lose eligibility for loan deferments.

Note to Endorser: If the borrower defaults on the loan, and you do not make payments on the loan, you may also be subject to the actions described above.

We will also report your default to nationwide consumer reporting agencies (see Item 20, “Consumer reporting agency notification”). This will harm your credit history and may make it difficult for you to obtain credit cards, home or car loans, or other forms of consumer credit.

20. Consumer reporting agency notification. We will report information about your loan to nationwide consumer reporting agencies (commonly known as “credit bureaus”) on a regular basis. This information will include the disbursement dates, amount, and repayment status of your loan (for example, whether you are current or delinquent in making payments).

Your loan will be identified as an education loan.

If you default on a loan, we will also report this to nationwide consumer reporting agencies. We will notify you at least 30 days in advance that we plan to report default information to a consumer reporting agency unless you resume making payments on the loan within 30 days of the date of the notice. You will be given a chance to ask for a review of the debt before we report it.

If a consumer reporting agency contacts us regarding objections you have raised about the accuracy or completeness of any information we have reported, we are required to provide the agency with a prompt response.

Note to Endorser: If the borrower of a Direct PLUS Loan becomes delinquent in making payments or defaults on the loan, we may also report your name to consumer reporting agencies in connection with the delinquent or defaulted loan.

If you meet certain requirements, you may receive a deferment that allows you to temporarily stop making payments on your loan. If you cannot make your scheduled loan payments, but do not qualify for a deferment, we may give you a forbearance. A forbearance allows you to temporarily stop making payments on your loan, temporarily make smaller payments, or extend the time for making payments.

Deferment
You may receive a deferment:

- While you are enrolled at least half-time at an eligible school;
- During the 6-month period after you cease to be enrolled at least half-time;
- While the student for whom you obtained a Direct PLUS Loan is enrolled at least half-time at an eligible school;
- During the 6-month period after the student for whom you obtained a Direct PLUS Loan ceases to be enrolled at least half-time;
- While you are in a full-time course of study in a graduate fellowship program;
- While you are in an approved full-time rehabilitation program for individuals with disabilities;
- While you are unemployed (for a maximum of three years; you must be diligently seeking, but unable to find, full-time employment);
- While you are experiencing an economic hardship (including Peace Corps service), as defined in the Act (for a maximum of three years);
- While you are serving on active duty during a war or other military operation or national emergency or performing qualifying National Guard duty during a war or other military operation or national emergency and, if you were serving on or after October 1, 2007, for an additional 180-day period following the demobilization date for your qualifying service;
- If you are a member of the National Guard or other reserve component of the U.S. Armed Forces (current or retired) and you are called or ordered to active duty while you are enrolled at least half-time at an eligible school or within 6 months of having been enrolled at least half-time, during the 13 months following the conclusion of your active duty service, or until you return to enrolled student status on at least a half-time basis, whichever is earlier.

You may be eligible to receive additional deferments if, at the time you received your first Direct Loan, you had an outstanding balance on a loan made under the FFEL Program before July 1, 1993. If you meet this requirement, contact your servicer for information about additional deferments that may be available.

You may receive a deferment while you are enrolled in school on at least a half-time basis (and, if you are a graduate or professional student, during the 6-month period after you cease to be enrolled at least half-time) if (1) you submit a deferment request to your servicer along with documentation of your eligibility for the deferment, or (2) your servicer receives information from the school you are attending that indicates you are enrolled at least half-time. If your servicer processes a deferment based on information received from your school, you will be notified of the deferment and will have the option of canceling the deferment and continuing to make payments on your loan.

For all other deferments, you (or, for a deferment based on active military duty or qualifying National Guard duty during a war or other military operation or national emergency, your representative) must submit a deferment request to your servicer, along with documentation of your eligibility for the deferment. In certain circumstances, you may not be required to provide documentation of your eligibility if your servicer confirms that you have been granted the same deferment for the same period time on a FFEL Program loan. Your servicer can provide you with a deferment request form that explains the eligibility and documentation requirements for the type of deferment you are requesting. You may also obtain deferment request forms and information on deferment eligibility requirements from your servicer’s web site.

If you are in default on your loan, you are not eligible for a deferment.

You are responsible for paying the interest on a Direct PLUS Loan during a period of deferment.

Note to Endorser: You are not eligible to receive a deferment.

Forbearance
We may give you a forbearance if you are temporarily unable to make your scheduled loan payments for reasons including, but not limited to, financial hardship and illness.

We will give you a forbearance if:

- You are serving in a medical or dental internship or residency program, and you meet specific requirements;
- The total amount you owe each month for all of the student loans you received under Title IV of the Act (Direct Loan Program loans, FFEL Program loans, and Federal Perkins Loans) is 20% or more of your total monthly gross income (for a maximum of three years);
- You are serving in a national service position for which you receive a national service award under the National and Community Service...
22. Discharge (having your loan forgiven).

Loan discharge due to death, bankruptcy, total and permanent disability, school closure, false certification, identity theft, or unpaid refund

We will discharge (forgive) your loan if:

- You die, or the child on whose behalf you obtained a Direct PLUS Loan dies. Your servicer must receive acceptable documentation (as defined in the Act) of your death or the child's death.
- Your loan is discharged in bankruptcy after you have proven to the bankruptcy court that repaying the loan would cause undue hardship. Direct Loans are not otherwise automatically discharged if you file for bankruptcy.
- You become totally and permanently disabled (as defined in the Act) and meet certain other requirements.

In certain cases, we may also discharge all or a portion of your loan if:

- You (or the child on whose behalf you obtained a Direct PLUS Loan) could not complete a program of study because the school closed;
- Your loan eligibility was falsely certified by the school;
- A loan in your name was falsely certified as a result of a crime of identity theft; or
- The school did not pay a refund of your loan money that it was required to pay under federal regulations.

Public Service Loan Forgiveness

A Public Service Loan Forgiveness program is also available. Under this program, we will forgive the remaining balance due on your eligible Direct Loan Program loans after you have made 120 payments on those loans (after October 1, 2007) under certain repayment plans while you are employed full-time in certain public service jobs. The required 120 payments do not have to be consecutive.

Additional loan discharge information

The Act may provide for certain loan forgiveness or repayment benefits on your loans in addition to the benefits described above. If other forgiveness or repayment options become available, your servicer will provide information about these benefits.

For a discharge based on your death or the death of the child on whose behalf you obtained a Direct PLUS Loan, a family member must contact your loan servicer. To request loan discharge or forgiveness based on one of the other conditions described above (except for a discharge due to bankruptcy), you must complete an application. Your servicer can tell you how to obtain an application.

In some cases you may assert, as a defense against collection of your loan, that the school did something wrong or failed to do something that it should have done. You can make such a defense against repayment only if the school's act or omission directly relates to your loan or to the educational services that the loan was intended to pay for, and if what the school did or did not do would give rise to a legal cause of action against the school under applicable state law. If you believe that you have a defense against repayment of your loan, contact your servicer.

We do not guarantee the quality of the academic programs provided by schools that participate in federal student financial aid programs. You must repay your loan even if you or (if you are a parent borrower) the student do not complete the education paid for with the loan, are unable to obtain employment in the field of study for which the school provided training, or are dissatisfied with, or do not receive, the education paid for with the loan.

23. Loan consolidation. A Direct Consolidation Loan Program is available that allows you to consolidate one or more of your eligible federal education loans into a new loan with a single monthly payment, and may allow you to extend the period of time that you have to repay your loans. This may make it easier for you to repay your loans. However, you will pay more interest if you extend your repayment period through consolidation, since you will be making payments for a longer period of time. Contact your servicer for more information about loan consolidation.

24. Department of Defense and other federal agency loan repayment. Under certain circumstances, military personnel may have their federal education loans repaid by the Secretary of Defense. This benefit is offered as part of a recruitment program that does not apply to individuals based on their previous military service or to those who are not eligible for enlistment in the U.S. Armed Forces. For more information, contact your local military service recruitment office.

Other agencies of the federal government may also offer student loan repayment programs as an incentive to recruit and retain employees. Contact the agency's human resources department for more information.
Repaying Your Loans: Standard, Graduated, and Extended Repayment Plans

Notes:
- All estimated payments shown in the chart above are calculated using a fixed interest rate of 10.5%.
- The payment amounts shown in this chart are estimates. Your actual payment amount may differ from these estimates depending on factors such as the interest rate(s) of your loans and the amount of your loan debt. Your loan servicer will provide you with your actual monthly payment amount after you select a repayment plan.
- For the Extended Repayment Plan, an entry of “N/A” means that you are not eligible for this plan based on the loan amount owed.
- You may use the Repayment Estimator at StudentAid.gov/Repayment-Estimator to estimate payment amounts based on your actual loan debt.

Repaying Your Loans: Income-Based Repayment Plan (IBR Plan) for Borrowers Who Are Not New Borrowers on or after July 1, 2014

Notes:
- For the ICR Plan, the Pay As You Earn Plan, and the ICR Plan, the estimated payment amounts shown in the charts above are calculated using a fixed interest rate of 8.25% and the 2013 Poverty Guidelines (published by the U.S. Department of Health and Human Services). For the ICR Plan, the calculations also use the 2013 income percentage factors. For all three plans, the calculations are based on an assumption that you are single and do not have any children or anyone else in your household, that you live in one of the 48 contiguous states, and that your income will increase at a rate of 5% per year.
- The payment amounts shown in these charts are estimates. Your actual payment amount may differ from these estimates depending on factors such as the interest rate(s) of your loans, the amount of your loan debt, your income, and whether and how quickly your income increases.
- For the ICR Plan and the Pay As You Earn Plan, an entry of “Not Eligible” means that you would not have a partial financial hardship based on the loan debt and starting income shown and therefore would not be eligible to initially select the plan.
- You may use the Repayment Estimator at StudentAid.gov/Repayment-Estimator to evaluate your eligibility for the ICR and Pay As You Earn plans, and to estimate your payment amounts under the ICR, Pay As You Earn, and ICR plans based on your actual loan debt, income, family size, and state of residence.
